

July, 2018

Introducing the Mobile Mosque, a 48m2 moveable place of worship that can accommodate up to 50 worshippers

“Mobil Mosque Project” Debut Commemoration Ceremony

Sponsored by: Cabinet Office Intellectual Property Strategy Promotion Office

The Mobile Mosque Project Executive Committee (Office: YASU PROJECT) has developed and completed a moveable mosque. The purpose is to offer Japanese-style hospitality (omotenashi) to adherents of Islam, one of three major world religions, when they visit Japan to attend international sports events in 2019 and 2020.

► **Introductory Video** <https://youtu.be/UKwl-GE4SHs>

We shall unveil the completed Mobile Mosque vehicle as part of the Mobile Mosque Project commemorative unveiling ceremony as described below. We believe this will prove inspirational and informative for anyone interested in using the vehicle in their own projects.

We very much hope that you will take advantage of this opportunity, and look forward to meeting you.

Yasuharu Inoue
Chief Executive Officer (CEO)
Mobile Mosque Project Committee
